

MISD 2012 MDLCC

Michigan Digital Learning Conference

Innovations in Student Centered Learning

Sponsored by **MACUL** and **Macomb ISD**, the **Michigan Digital Learning Conference** celebrates innovative teaching and the instructional practices that personalize learning for all students.

Explore digital learning opportunities while building your educator toolbox with key elements of blended learning. Find out how to successfully flip your classroom and network with educators to develop best practice in online instruction!

Conference Strands

- Integrating classroom technology tools
- Using data to inform instruction
- Hybrid instructional practice and tools
- Technology to support the Common Core
- Administration, management, and leadership
- One-to-One initiatives
- Blended and flipped instructional models

Pre-conference **November 15**

Select from a variety of current topics in digital learning. Check out the newest TechSmith products, featured throughout the conference.

KEYNOTE Steve Dembo, Discovery Education: Extreme Makeover: Education Edition

Conference **November 16**

Enjoy sessions on flipping the classroom, blended learning, online innovations, 1:1 initiatives, mobile devices and much more

KEYNOTE Leslie Fisher: A Gadget Freak's Favorite Gadgets
